

Application forms

ELPA Company Membership

Class I – Major Stakeholder

Information Sheet (rev 2.0)

Dear Applicant,

Thank you for your interest in joining the Earthing and Lightning Protection Association of South Africa (ELPA). The Class I membership category is described in Article IV, section 2 of the ELPA constitution adopted in February 2019.

“Major Stakeholders - Companies – manufacturers, designers, and installers who perceive their net worth to be of such value that their specific contribution to the industry is essential to the well-being of the industry”.

ELPA provides you, the prospective Lightning Protection Systems service provider a stable framework to operate within South Africa.

As a Major Stakeholder member (Class I) you will receive the following benefits:

- A seat on the ELPA Board of Directors;
- A vote on matters tabled for consideration – budgetary or proposed work;
- Raise matters pertinent to you for voting consideration;
 - As a voting member on the Board, you request work to be done;
 - As a voting member you influence how the available budget gets allocated;
- Influence the Lightning Protection Industry by the position held;
- Company information advertised on the ELPA website;
- Access to all matters addressing the lightning protection industry as available to ELPA;
- Networking opportunities with international specialists, experts, and professionals in the lightning protection industry;
- Copy of the latest edition of the ELPA Handbooks
- Discounted registration rates to the Annual ELPA Conference (new annual event to be tabled to the Board of Directors);
- Discounted rates with SABS on the SANS standards documents (negotiations in progress),
- Expect significant savings in marketing packages with media publishing houses as we move forward (negotiations in progress),

The application documentation is attached and needs to be completed and submitted to the ELPA office together with the once-off initiation fee of R60,000.

The major stakeholders membership fee is R120,000 per annum to be paid in monthly instalments of R10,000.

1. RECOGNITION OF CONTRIBUTIONS TO ELPA:

As a fledgling Association many companies have made significant contributions to its success.

If you have contributed to ELPA by participating in the Association establishment arrangements (pre-June 2017), ELPA NEC (National

Executive Committee), the ELPA Board and/or the ELPA certification program with certified installers and/or designers, your credentials are recognised.

Please only complete Parts A to D of the application form.

2. NEW ENTRIES TO ELPA:

If you are new to ELPA, please complete all parts.

In part F you are required to provide three (3) business references. At least one of these references must be from a member of ELPA, ECA, SAIEE or similar listed representative organisation.

Part G must be completed by TWO of the 3 business references. The reference may send the completed page directly to info@elpasa.org.za or to you.

Once we receive these items, we will contact your references.

In addition, the ELPA Constitution (Article 4, Section 5) requires that installers/designers companies provide evidence of third-party inspection of three (3) completed lightning protection installations.

You may provide an Installation Safety Report (ISR) for each to meet this requirement. The Constitution states that you have 24 months after application to provide these project certifications.

To expedite processing of your application, please include the email address for each reference and advise your contacts in advance that ELPA will be following up with them for further information.

Upon receiving your materials and reference replies, we will distribute your application materials to the ELPA Board of Directors for voting on your membership.

Once approved, we will advise you of your new membership with a certificate and information on lightning protection and ELPA.
